

Risk assessment for : Mitre Hotel Manchester Limited

Risk assessment name	Managing COVID-19 through Social Distancing	Assessment type	 General
Assessor name	Nicole Barker	Affected site(s)	Barca Bar
Assessment date	22/06/2020	Review period	Monthly
Approved by	Nicole Barker	Review date	22/07/2020
Approved date	22/06/2020	Reference	SHE880811

Description

This risk assessment will outline the hazards we face with COVID-19 across the bar areas and how to reduce the risks. It details how social distancing measures will be applied in the workplace and any actions required where these measures may not be possible.

THIS RISK ASSESSMENT REFERS TO GENERAL TRADE ONLY AND HAS NO REFERENCE TO PRIVATE FUNCTIONS.

Hazard	Who could be harmed and how?	Existing controls	Risk rating (L x S)
 <p>Challenging Behaviour Risk of coming into close proximity of customers intoxicated and displaying challenging behaviour.</p>	<p>All staff, Contractors, Members of the public</p> <p>How? This may result in social distancing guidelines not being adhered to. Door staff would be most at risk.</p>	 <p>Challenging Behaviour/Violence at Work Policy All employees have been trained in the Challenging Behaviour/Violence at Work Policy in place</p> <p>A copy of the COVID policy will be requested from MSS security to ensure all challenging behaviour is handled effectively.</p>  <p>Provisions of Written Health & Safety Policy Provisions of Written Health & Safety Policy</p>	<p>1 x 1</p> <p style="text-align: center;">↓ 1</p> <p>Low</p>

Hazard	Who could be harmed and how?	Existing controls	Risk rating (L x S)
 <p>Cleaning To Reduce Transmission Of Covid-19 (Non Healthcare Settings) - Risk of exposure to Covid-19 whilst cleaning work areas.</p>	<p>All staff Cleaners</p> <p>How? Cleaning areas where Covid-19 may be present may lead to exposure to the virus. However- the cleaning of all areas correctly will reduce the risk of transmission overall.</p>	 <p>Appropriate Disinfectant Products Used In Line With COSHH Assessment. Appropriate disinfectant to be used in line with the COSHH assessment - this will be communicated to staff. The product will be used in line with instructions for use and dilution rates. Disposable cloths will be used where possible to reduce transmission.</p>  <p>PPE Issued, Worn & Disposed Of Correctly. PPE Issued, Worn & Kept In Good Condition and then disposed of correctly by cleaners and any employees that request to use a face mask. If dealing with bodily fluids then extra precautions will be needed which will include protection for eyes, nose and mouth in addition to the gloves and aprons. For disposal these should be then double-bagged and labelled and stored safely and securely for 72 hours before disposal by normal means of collection. Staff will be trained in the effective use of PPE to ensure it offers the correct level of protection.</p>	<p>2 x 5</p>  <p>10</p> <p>High</p>

Hazard	Who could be harmed and how?	Existing controls	Risk rating (L x S)
 <p>Shared bar and outdoor areas - Due to areas being frequently utilised by customers and staff, the potential for infection is increased. This includes stairwells, waiting areas, seating areas as well as toilets and kitchen areas.</p>	<p>All staff Visitors</p> <p>How? Common areas may restrict distancing of 2+ metres at any one time. Due to heavy foot fall, surfaces may be touched more frequently and individuals may cross paths more often.</p>	<div style="display: flex; justify-content: space-between;"> <div style="width: 45%;">  <p>Numbers Of People In Common areas Managed. Individuals using common areas will be kept to a minimum at all times and social distancing will be strictly adhered to.</p> </div> <div style="width: 45%;">  <p>Pro-active Monitoring In Place Common areas, including toilets and access and egress routes are monitored frequently, ensuring individuals are exercising social distancing. Clicker in use throughout busy periods to manage capacity.</p> </div> </div> <div style="margin-top: 20px;">  <p>Regular Cleaning Of Common Areas. Common areas where people pass through are to be cleaned frequently but specific attention to be paid to areas where people spend more time or common touchpoints. These will be cleaned more intensely/frequently.</p> <p>The appropriate disinfectant will be used in line with the COSHH Assessment and the correct PPE worn which will be disposed of correctly.</p> <p>Disposable cloths will be used where possible to reduce transmission.</p> </div>	<p>4 x 2</p>  <p>Medium</p>

Risk assessment for : Mitre Hotel Manchester Limited

Hazard	Who could be harmed and how?	Existing controls	Risk rating (L x S)
 <p>Travelling To And From Work. - Sharing of a vehicle to, from or within work or use of public transport may lead to an inability to maintain social distancing.</p>	<p>All staff, Members of the public</p> <p>How? Exposure to the virus due to inability to maintain social distancing leading to potentially contracting the virus.</p>	 <p>Alternative Travel Arrangements Instead Of Car Sharing. Where usual car share arrangements mean people from different households being in the same vehicle it may be necessary for some to use public transport providing they can maintain social distancing and practise good hygiene before and after their journey.</p> <p>Alternatives may include staff walking and cycling to and from work.</p> <p>Face masks must be worn on public transport as per government guidelines.</p>  <p>Avoid public transport if possible The use of public transport carries risk of contracting infection due to congestion</p>	<p>3 x 5</p>  <p>15</p> <p>High</p>

Further control measures

None required

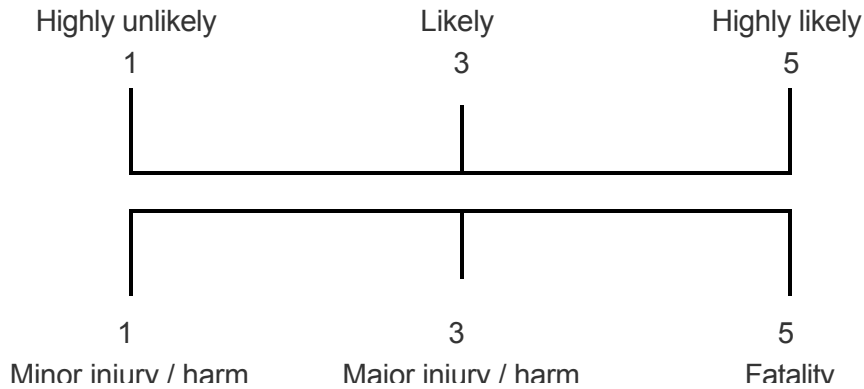

Operating procedures

Measures of social distancing should be applied:

- avoid public transport
- regular sanitation
- self isolate if experiencing symptoms
- follow the social distancing COVID19 policy that has been clearly outlined by management

Risk rating explanation

Risk ratings are calculated by considering the likelihood of an event occurring along with the severity of the potential consequence should an accident occur. After considering existing control measures, values are assigned to the likelihood and severity from the scales below and these figures multiplied to established the risk rating.

	5	10	15	20	25
5	5	10	15	20	25
4	4	8	12	16	20
3	3	6	9	12	15
2	2	4	6	8	10
1	1	2	3	4	5
Probability					
	Severity				

What do your risk ratings mean?

- Risk is categorised as LOW: Look to reduce risk if practicable
- Risk has been categorised as MEDIUM: Begin to plan your action to reduce the risk immediately
- Risk has been categorised as HIGH: Immediate action required to reduce the risk
